

Specification: 2014 Sling II

Highlights

This 2014 Sling II LSA is a clean, modern two-seat aircraft offering an excellent blend of performance, efficiency, and simplicity. Finished in an attractive white and blue scheme with a smart grey leather interior, it presents as a well-kept and honest example. Powered by a Rotax 912 ULS with a 3-blade Warp Drive propeller, the engine is comfortably mid-life with strong remaining value to TBO. The aircraft is equipped with a MGL Challenger EFIS and autopilot, Garmin GNC 225A NAV/COM with VOR/ILS. Light on fuel, inexpensive to operate, and easy to fly. An ideal platform for training, time-building, or economical touring.
